

# EARTH MONTH

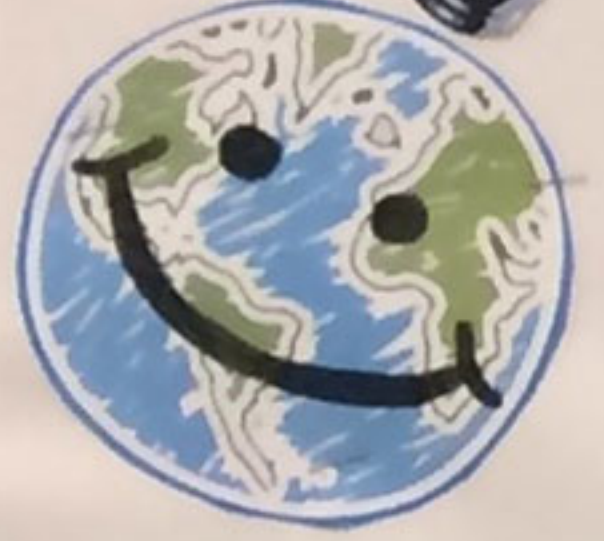

Earth Day is April 22nd

Decorate your cubicle or home with plants!

Use conservative lightbulbs

Switch to LED and CFL light bulbs!

Solar panels for getting electricity from the sun

## What Can You Do?

School garden for growing real food, instead of buying frozen food, which is unhealthy

### TAKE ACTION! GO GREEN!

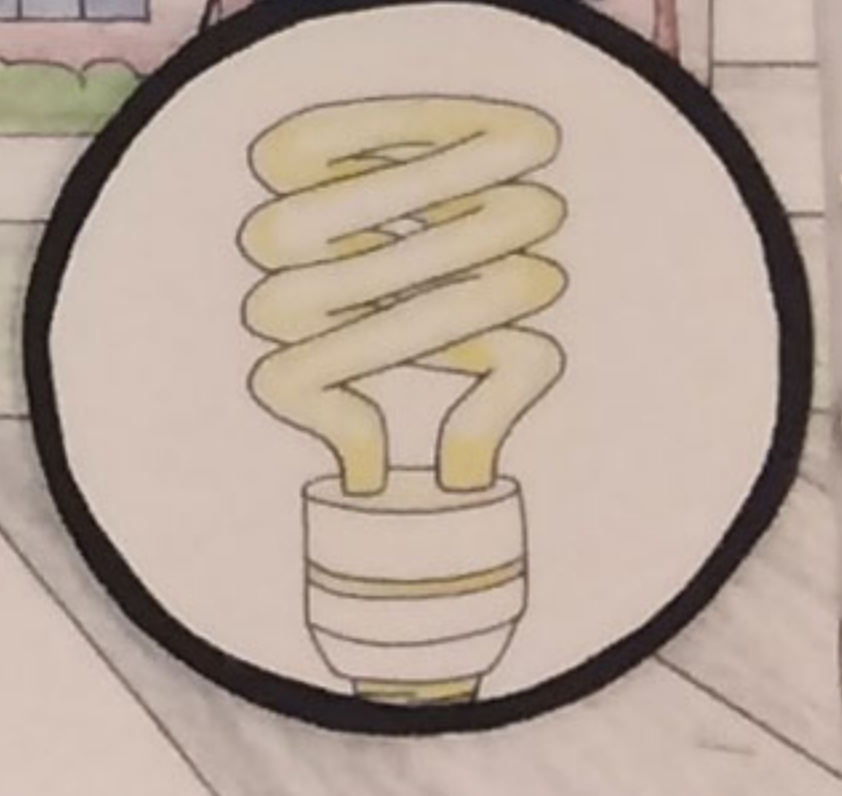

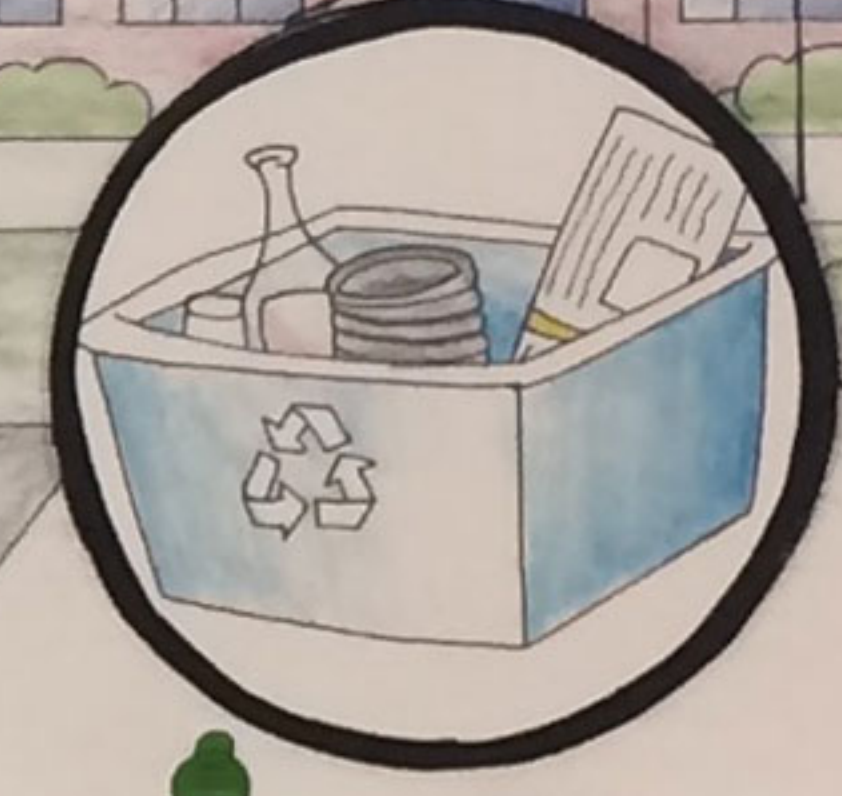

## SAVE

## PAPER

Don't use air conditioners, open breeze  
Turn off water fountains to conserve water

reusable water

**AMELIA SAMOYIOV**  
I.S. 98 Bay Academy, Brooklyn, Grade 8

Save and Recycle Paper!

Talk about recycling with your family!

Use reusable water bottles!

Recycle Metal/Glass/Plastic and Paper items!

**JUDY ZHOU**  
Brooklyn Technical High School, Brooklyn

trees help clean polluted air

use bikes instead of cars for the pollution

More great environment for kids to explore and learn about
